INTRODUCTION

The broader concept of management has a universal appeal, Indeed, it is being increasingly adopted in diverse fields. If one has to go by the latest trends, there is hardly any area of human activity, which has yet not borrowed something from the management technique.

What we see today was simply unthinkable in 1983. The boom in the information technology sector has affected every aspect of modern life. It must be noted that this boom is not all about technology alone. The science of management has made a great contribution in the success of IT revolution.

Modern enterprise will not be well served by business executives, who make only decision. What is now required is that present day executive acts more like a leader, irrespective of the sector he may be involved in.

VAISHALI INSTITUTE OF BUSINESS AND RURAL MANAGEMENT does not tread the beaten path. One may worry as to where was the need for one more management institute. Well we have been in this business since 1983. Hence we have gained a new insight with each passing year. Everything we do, reflects this commitment to the future.

THE INSTITUTE

Bihar has produced a number of eminent souls, who have left an indelible Mark on the nation's progress and development. One such person was late Raghunath Pandey (Ex-MLA and minister in the Govt. of Bihar). Born in a Typical rural family, he single handedly changed the business and industrial scene of Bihar. He was an entrepreneur in the true sense. His contribution in the field of education has been as praiseworthy. Late Raghunath Pandey established a number of institutions, which have now become centres of excellence. SKMCH (now a premier medical college of Bihar), Homeopathy College, Uma Pandey College, Pusa and a few more bear ample testimony to his vision and commitment. VAISHALI INSTITUTE OF BUSINESS AND RURAL MANAGEMENT which was established in 1983 under the aegis of Vikas Seva Sansthan (a registered trust under Societies Act 1860), to cater to the society at large, shares the same vision. Our mission is to provide cutting edge education, which is affordable and accessible to every section of the society.

The Institutions is an architectural marvel and is surrounded by lush green grounds and flower beds. Class Rooms are spacious as are the common room and other enclosures. Two fully equipped computer labs with latest hardware and Software, coupled with wi-fi Internet connection, Making learning, a Joy. The Institute library has more than 10.000 books and subscribes to more than 50 national and international journals & e- journals. Modern facilities are added every year so that learning becomes an enjoyable experience. The Institute has it own deep borewell for water supply and its own generator for power backup.

With the sad demise of Late Raghunath Pandey we saw his worthy son shri Amar Nath Pandey, taking up the responsibilities. Ever since, his dynamism and progressive outlook has proved to be a great catalyst in all areas of the enterprise. Shri Amar Nath Pandey, with his youthful energy, has taken this Institute to greater heights. His vision of creating a ultra- modern, educational infrastructure with the latest equipments and technology supported by excellent faculty, Will No doubt take Bihar forward & there by help the Nation. Shri Amar Nath Pandey has already made his noble intention clear by setting up Raghunath Pandey Memorial Law College and KID-Z High School.
